

Goad and ECW module

This program requires AEGIS 3

If purchasing AEGIS 3 and the Goad and ECW module at the same time, one disk will be supplied with two licence keys: one for AEGIS and the other for the Goad and ECW module.

The licence key provided will be for a single, 20 station or full site licence to match your AEGIS 3 purchase.

What's on the disk?

The Goad and ECW module includes:

- A Goad and ECW licence key to unlock the module for a single user, 20 station licence or full site licence.
- Goad and ECW manual
- A list of Goad plans
- How to order ECW aerial photographs

Sample files

Goad

- AEGIS template for inserting a Goad map and data
- Grantham folder with the original Goad data
- Grantham easy – AEGIS file with map of Grantham CBD and some data
- Grantham all – AEGIS file with all the Goad data
- Grantham fieldwork – just the Goad plan and skeleton data table

ECW

- Studland – with ECW map and aerial photograph
- Studland fade – demonstration of superimposed images
- Studland side by side – demonstration of adjacent images
- Aerial photograph of Studland in ECW format
- 1:50 000 map of Studland in ECW format.

Goad plans

Any Goad plans ordered with the module will be on a separate disk. Please note that we supply Goad plans to educational establishments on a three year licence.
